Hey Kip,

As this is a federal waters project and we have already weighted in during the CZMA process, we don't have any additional comments. If there are specific state jurisdiction questions I'm happy to provide responses, but beyond that we are attending to just listen and learn more from the public.

See you there!  
Charlie

Hi Marcy:

I noticed that you and Charlie registered to attend the Kampachi Farms public hearing on January 28<sup>th</sup> and that both of you did not sign up to provide oral comments. We are planning on allowing government representatives (federal, state, or local) to speak/comment after any elected officials. Could you confirm that FDACS will not provide any oral comments at the public hearing?

Look forward to seeing you both at the public hearing. Thank you.
